13th May 2025

Dear Year 8 Students

## **Years 7-10 Summer Assessment Fortnight - Monday June 9th-Friday June 20th 2025**

During the two weeks after half term, you will be having formal summer assessments in your subjects. These assessments are an important part of your school life.

Your teachers will give you feedback on these formal assessments. Your final report mark in each subject will be based on these assessments as well as your work throughout the year.

You will be supported through this period with:

- Your summer assessment timetable
- A topic list for revision
- Revision templates
- All homework from now will be specific revision tasks
- A suggested revision timetable

All the information can be found here: [Summer Assessments 25](#) (NB this contains Y7-10 information).

You must make sure you have each day for your summer assessments:

- Several working pens
- Several pencils
- Maths set
- Charged Chromebook

You must be on time: all assessments will be 60 minutes long, with 20 minutes extra available for extra time. If you take this extra time, you must change the colour of the pen you are writing with.

We are very impressed with your studies this year. We need you to prepare fully for these important assessments. Your tutor and teachers are all here to support you during the assessments. We want you to all feel confident that you have done your best in every subject.

If you have any questions, please ask your tutor, your subject teachers or Progress Leader.

Best wishes,

Mrs Starr
