EXPECTATIONS

GCSE History enables students to engage in the process of historical enquiry, to develop as effective and independent critical thinkers, and develop their knowledge and coherent understanding of selected aspects of the subject. It enables an awareness of how the past has been represented and interpreted differently. It also develops the ability to ask relevant questions about the past and to investigate them critically using a range of sources in their historical context, and to recognise that their historical knowledge, understanding and skills help them understand the present.

Ensure you keep your exercise book up to date with all work presentable and detailed, participate in class and ask questions, do homework, very carefully read the suggestions made and act on them, practise exam style questions and revise appropriately
